# Claire

*Born For The Modern Office*

*As the way of working evolves, office is no longer limited to tradition. Claire takes technology and futuristic sense as the design concept into the modern office needs, and provides users with an excellent sitting posture experience.*

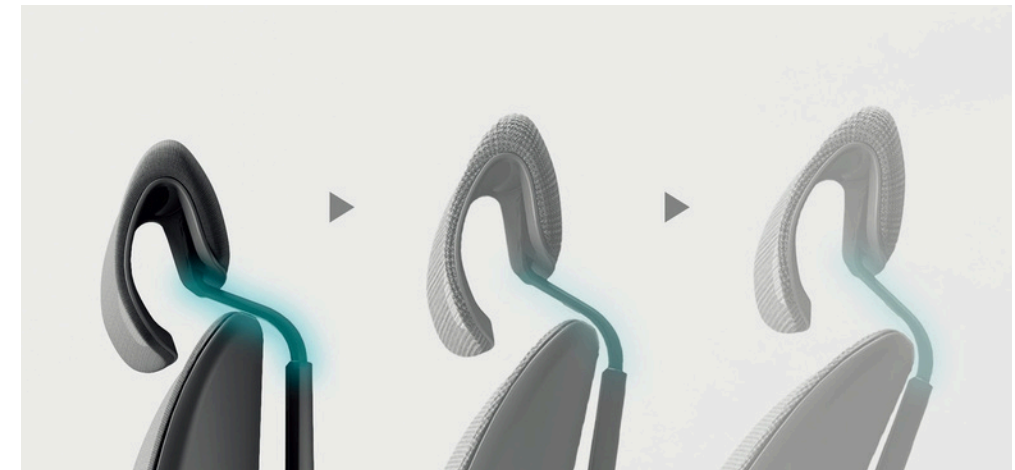

Precise sedimentation and  
comfortable rhythm

*When you sit down, the chair starts working as if it has life,  
accurately responding to your weight;  
creating a perfect rhythm of support and comfort.*

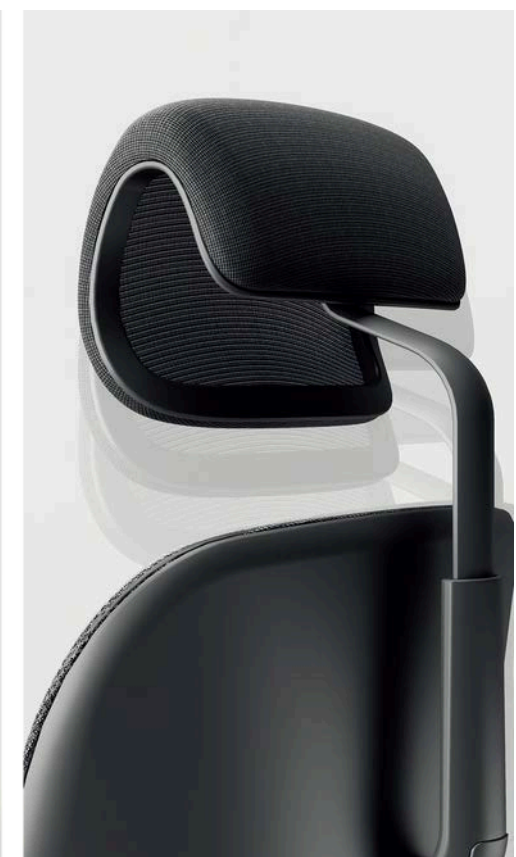

*The back slowly tilts back,  
and the head support follows the top,  
taking care of every inch of the neck.  
Release fatigue immediately,  
let the body and mind rest in the quiet harbor synchronously.*

Separate backrest and seat frame. Enjoy CLAIRE's dual tracking of the body's curves;  
Providing users with flexible support and exceptional comfort.  
A perfect fit for every moment of the experience.

One-click Relaxation · Uninhibited relaxation

Easy up and down · Neck adjustment

### Integrated Into A Seat · Engineering Curve

*The design of the back seat is a clever integration of the back and the seat surface.*

*Outline smooth and comfortable lines.*

*Finely crafted curves provide perfect ergonomic support,*

*Make every seat the ultimate experience of art and comfort.*

*Using topology to deconstruct the human body curve and make sitting the most elegant feeling.*
