LOUIS

Architectural Lightness For Modern Leadership

Thin surfaces, sculptural molded polished
Aluminum alloy legs, and clean proportions create
a sophisticated executive workspace experience.

Distinctive angled polished Aluminum Alloy legs introduce visual lightness while reinforcing the architectural character of the Louis collection.

Defined by Visual Lightness

LOUIS expresses executive sophistication through thin architectural surfaces and refined structural simplicity.

Designed
Around
Contemporary
Collaboration

Louis meeting tables create refined collaborative environments through clean geometry and visual simplicity.

Contemporary proportions and lightweight detailing create sophisticated spaces for leadership and discussion.

Every structural component within Louis is engineered to maintain visual lightness while delivering long-term sophistication.
